Idaho was one of the first twelve states to pass legislation regarding malicious harassment. Idaho Code 18-7902 and 67-2915 depict policy on hate crime, its collection and reporting. Idaho gathers hate crime information as an additional element and/or characteristic of the offenses reported by law enforcement.

Hate crime incidents are identified on the subjective motivation of the offender(s). Law enforcement investigations solely determine the sufficient objective facts to lead to a reasonable and prudent conclusion that the offender's actions were motivated by bias against a racial, religious, ethnic/national origin, mental/physical disability, or sexual orientation group.

Accurate data collection for hate crime depends heavily on proper training of law enforcement to recognize such incidents and the cooperation and desire of law enforcement communities to report these offenses without the influence of special interest groups, media, and politics.

Training material for recognizing and reporting hate crime has been distributed to all law enforcement departments.

Information derived from the following indicators can establish supportive facts to correctly identify hate bias motivation.

- \* Bias-related drawings, markings, symbols, or graffiti were left at the crime scene.
- \* Bias-related oral comments, written statements, or gestures made by the offender which indicate his/her bias.
- \* The incident coincided with a holiday relating to, or a date of particular significance to, a race, religion, disability, ethnicity, or sexual-orientation.
- \* The offender and the victim were of different race, religion, ethnicity, or sexual-orientation.
- \* Certain objects, items, or things which indicate bias were used in the commission of the crime.
- \* The victim is a member and/or engaged in activities promoting a racial, religious, disability, ethnic, or sexual-orientation group.
- \* Several incidents occurred in the same locality, at or about the same time, and the victims were all of the same race, religion, disability, ethnicity, or sexual-orientation.
