¹The actual number of incidents is 84,120. However, the column figures will not add to the total because incidents may include more than one offense type, and one incident was counted for each offense type within each offense category in this table.

²The figures in the column for victims represent the number of victims associated with each offense type.

³The term Known Offender does not imply the identity of the suspect is known, but only that an attribute of the suspect has been identified, which distinguishes him/her from an unknown offender. Therefore, the figures in this column do not account for the 22,331 incidents with unknown offenders.
