Motor Vehicle Theft

- The theft of a motor vehicle -

A motor vehicle is defined for UCR purposes as a self-propelled vehicle that runs on land surface and not on rails, and whose primary purpose is to transport persons. Motorcycles, scooters, snowmobiles, golf carts, etc. are categorized under 'other motor vehicles.' Recreational vehicles are specifically designed to transport people and also provide them temporary lodging for recreational purposes. Tractors, farm and industrial equipment, and lawn mowers are not considered 'motor vehicles,' as their main purpose is not to transport persons. Motor vehicle theft includes the offense of 'joy riding.'

The data collection objective for this offense is to identify what type of item was counterfeited or forged. Nonnegotiable items, such as checks, money orders, and traveler's checks which are not endorsed, are reported with a zero value as these documents require further action to become negotiable.
